& CO-FOUNDER OF YIMBY QLD

The Characters

Who is the villain or white knight?

When did
Mr & Mrs
Cunningham
become
politically
unpalatable?

myriad of legislation

century of the city

forecast 25 year
population growth
in SEQ

2
million

rallying against density

bad news stories

What sort of Australia will we be in the future, when the closest thing kids come to playing backyard cricket is on a Wii and their idea of exploring nature is looking up "bushland" on Wikipedia?

Opinion

Planners are subdividing our souls when they take away our backyards

'It's too big, it's too dense': unsympathetic developers changing the nature of Brisbane

Tripling of Brisbane units since turn of the century consigns backyards to history

Residents are having higher-density living thrust upon them, whether they like it or not

High-rise approvals tumble amid protests ahead of the election

disruption

An Exclusive Look At Airbnb's First Foray Into Urban Planning

Airbnb announces a brand-new innovation lab called Samara, whose first project is a novel community center in Japan.

Twelve things you need to know about driverless cars

By 2025 most of today's drivers are unlikely to even want to own a car. But will we still have gridlock? Will you need to pass a test? We asked the experts
